

## Key stage 2

Primary schools must publish their most recent key stage 2 performance measures, as published by the Secretary of State. These are available here:

“National Curriculum Results End of 2Key Stage Two’ – [document see below](#)

It will not be possible to calculate key stage 1 to key stage 2 progress measures for 2023 to 2024 or 2024 to 2025 academic years. This is because there is no key stage 1 baseline available to calculate primary progress measures for these years, because of Covid disruption.

For the 2023 to 2024 academic year, primary schools do not have to publish progress scores in reading, writing or maths, as the Secretary of State is not publishing these.

Key Stage Two Outcomes:

- 59% the percentage of their pupils who achieved the expected standard in reading, writing and maths
- 3% the percentage of their pupils who achieved a higher standard in reading, writing and maths
- their pupils’ average scaled score in:
  - Reading 104
  - Maths 105
