

Top tips to keep your family healthy and happy

Swap fizzy drinks, juice drinks and flavoured milks for water, lower-fat milks and no added sugar drinks.

Remember kids are smaller than adults so give them a smaller portion to begin with, if they're still hungry they'll ask for more.

Sugary snacks can all add up! Fruit and veg are a good snack choice, but if the kids are having packaged snacks, just remember to aim for 2 a day max.

When eating out look for child-friendly options that include fruit and vegetables. Try to avoid bigger portion sizes such as "go large" or "supersize" deals.

Kids need 60 active minutes each day. This can be in short 10 minute bursts throughout the day. Try scootering to school, skipping to the shops, or dancing to a song. Keep track of screen time - many parents find it helpful to set a daily limit.
